EXAMINER'S COMMENT/REASONS FOR ALLOWANCE

1. All previous rejections have been overcome by the amendment filed on February 22, 2007 and the rejections are withdrawn. ***Claims 8, 11*** are now pending in the application.

Reasons For Allowance

2. ***Claims 8, 11*** are allowed.

3. The following is an Examiner's Statement of Reasons for Allowance:

The instant claims are allowable over prior art to over JP 60-250072 ('072, English translation).

Instant claims recite a method or preparing an aqueous dispersion of polymer particles by preparing a first stage polymer containing at least one epoxy group and at least one pendent ethylenically unsaturated side chain by preparing a precursor polymer containing at least one epoxy group by the free radical addition polymerization of at least one unsaturated monomer and then forming at least one ethylenically unsaturated side chain on said precursor polymer by reacting at least one said epoxy group with at least one co-reactive olefinic material.

Prior art to '072 concerns coating compositions comprising a modified acryl copolymer containing 5-25 wt.% of a vinyl type monomer containing an epoxy group which is further reacted with 5-60 parts by wt. of a fatty acid (abstract). Additionally, the ratio of the epoxy groups may range from 1.0-1.25 equivalents per equivalent of the fatty acid carboxyl group (page 5, lines 13-19). However, the prior art of record does not disclose a method of preparing an

aqueous dispersion of polymer particles comprising at least one epoxy group and at least one pendant ethylenically unsaturated side chain as recited in instant claims. Therefore, the instantly claimed invention is deemed allowable over closest prior art of record as per said art neither anticipating nor rendering obvious, alone or in combination, the instantly claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
